MOHAMED FARAG

Frontend React JS Developer

Email: almyhwbmhmd26@gmail.com | Phone: +201153121303 | [GitHub](#) | [LinkedIn](#) | Address: Minia, Egypt

PROFESSIONAL SUMMARY

A motivated Computer Engineering and Information Technology student at Minia University, currently seeking opportunities to gain hands-on experience as a React developer. I have a strong foundation in TypeScript and React, and I am eager to contribute to the development of innovative web applications. I thrive in collaborative environments and am committed to learning and applying my skills to enhance the user experience through technology.

EDUCATION

Minia University, Minia - Egypt

Third-year student at **Computer Engineering & Information Technology** | 08/2022 - 08/2026

INTERNSHIP

National Telecommunication Institute (NTI) — Al Minya, Egypt
CCNA Intern | September 2023 (1 month)
- Successfully completed a 4-week internship (120 hours) under the Cisco CCNA program.
- Gained in-depth knowledge of networking fundamentals, including routing, switching, and network security
- Developed practical skills in configuring, managing, and troubleshooting networks.
- Enhanced skills in communication, teamwork, problem-solving, and time management.
- Acquired knowledge in information security and privacy, as well as freelancing fundamentals.

VOLUNTEERING

ACM Minia University (ACM MU) — Al Minya, Egypt
Frontend Instructor
- As a volunteer Frontend Instructor, I help beginners take their first steps into web development.
- Teach HTML, CSS, JavaScript, and Bootstrap through structured training sessions.
- Provide hands-on guidance with real-world projects to solidify students' understanding of frontend development.

COURSES CERTIFICATIONS

- Web Development Frontend React Developer
- Cisco CCNA Program

PROJECTS

1. usePopcorn - Movie Explorer App: A modern React app to search, explore, and rate movies using the OMDB API. This app uses React hooks for managing state and side effects, along with clean and modular UI components.
https://usepopcorn-eight.vercel.app/

2. Far Away - Travel Packing List App: A simple React app to plan your travel essentials. Add, mark, and manage your packing list interactively with clean UI and state management.
https://far-away-eight.vercel.app/

3. Workout Trakker App: A simple and interactive fitness tracker built using React. Add, manage, and complete workout sets dynamically with responsive design and clear component structure.
workout-ashy.vercel.app

4. Pizzeria - React Pizza Ordering UI: An interactive pizza ordering interface built using React. Designed with a responsive layout and dynamic component-based structure to simulate a real-time ordering experience.
